

VISION & MISSION

- To be a college that instills women with the "essentials" of academic knowledge as well as the business acumen required for a bright professional future.
- To prepare students for their career quest and solicit companies to hire Full-time MBA students for summer internships and permanent employment.
- To promote learning and skill development through effective professional studies that imbibe teaching exclusively for women.
- To nurture self realization, decision making, self discovery and multi-cultural communication skills which are essential for managing business in today's competitive world where the percentage of female managers is marginal.
- To partner with other educational Institutions and industries at the national and international levels for mutual benefits.
- To provide value based education that results in social accountability and ethical decision making in today's complex business scenario.
- To create space for business women to experience sisterhood and self actualization.

"Dream.....and make it happen."

(Professional Studies)

"We Receive To Give"

College Code: S49

Every woman who comes to Isabella Thoburn College brings with her, her unique talents, creative skills and abilities

It is these talents, skills and abilities, we foster and hone and she knowingly and unknowingly leaves behind her imprint on the character of the College.

The relationship between the College and the students is a dynamic and vibrant one which leaves behind an indelible mark on each others lives. A relationship we value and treasure.

2017 will be a historical year in the journey of Isabella Thoburn College. This year will give birth to a Professional College for Business studies offering an MBA program of 4 Semesters i.e. 2 years duration. This program is special as it offers women an opportunity to learn in an all women environment.

Isabella Thoburn College Society, which has historically nurtured, educated and produced women leaders, now goes a step further, with the birth of the Professional College. It proposes to equip the women leaders by undergirding them with formal management skills which are relevant in the present environment and scenario. This will strengthen the ability of the women students to make a dent in the field, they choose to work with and help them to lead from the front.

When we began our journey, education was a dream. Today we take another step when education is a necessity and lack of it is a loss. Good management of our resources leads to success. Those who learn to discover and optimize their abilities, strengths and evaluate their shortcomings and manage them effectively and strategically are the leaders of today and tomorrow.

We invite every young woman who desires to conquer the mundane and reach the unexpected heights to join us and learn. We are women who are and hope to continue to be change makers.

Isabella Thoburn College for Professional Studies invites you to great connections and a future that knows no boundaries. You offer us your abilities and skills and we offer you our mission and vision.
