

IBM, MICROSOFT & IIT Bombay Summer Upskilling Internship Program 2026

The Summer Upskilling Internship Program 2026 is a structured online internship designed for students from all academic years and batches who want to utilize their summer break productively.

The program helps students bridge the gap between academic learning and real-world industry expectations through practical projects, mentor guidance, technical learning, and career-focused development.

Why Join the Summer Upskilling Internship?

- **-Students will get the opportunity to:**
 - Gain practical industry exposure
 - Work on hands-on minor and major projects
 - Learn industry-relevant technical skills
 - Receive guidance from industry mentors
 - Build a stronger technical portfolio
 - Improve their resume and LinkedIn profile
 - Strengthen their internship and placement readiness
- **Key Learning Areas**
 - Programming Fundamentals
 - Build a strong foundation in programming concepts and problem-solving.
 - Web Development
 - Learn the fundamentals of modern web technologies and practical development.
 - Python & Data Applications
 - Explore Python programming and its applications in data-oriented projects.
 - Emerging Technology Domains
 - Gain exposure to evolving technologies and industry-relevant domains.

Internship Highlights

1. Structured skill-based internship training
2. Hands-on project experience
3. Mentor guidance and review sessions
4. Industry-relevant technical learning
5. Career guidance and portfolio development
6. Flexible online learning format

Eligibility

1. Students from all academic years and batches can apply for the Summer Upskilling Internship Program 2026.
2. Whether you are a beginner looking to build your technical foundation or an experienced student seeking practical project exposure, this program is designed to help you develop career-relevant skills.

Certification & Recognition

1. Upon successful completion of the internship, participants will receive internship certification along with project experience that can strengthen their resume, LinkedIn profile, and placement opportunities.
2. High-performing participants may also be considered for a Letter of Recommendation based on their performance and project work.
